
LED CANBUS CONTROL UNIT

Accessories for LED retrofit lamps

Areas of application

- Suitable for most vehicle models with automatic lamp failure detection system

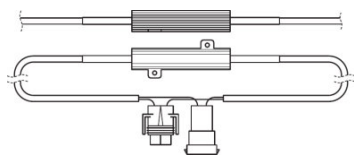

Product benefits

- 3 year guarantee
- Improved light management system
- No on-board computer error messages when using LED retrofit lamps
- No negative impact on light output and heat management of LED solution
- Easy installation

Product features

- Bypass of vehicle's lamp failure detection system when using a LED retrofit lamp
- Accessories kit for use with LED retrofit lamps
