

# PrevaLED COIN 111 AC G1

LED modules with integrated optics and heat sink

#### Areas of application

- LED replacement for high intensity discharge lamps up to  $35\ \mathrm{W}$
- Shop lighting
- Shopping centers
- Exhibition halls
- Museums
- Suitable for indoor applications

# Product family benefits

- Easy and quick design-in for luminaire manufacturers
- Turn-key solution for projects
- 5 year quarantee

### Product family features

- Integrated driver, heat sink and lens optics
- Fits into most existing traditional R111 luminaires
- Available with 24° or 40° beam angle
- Versions with different luminous flux and different color temperatures available
- Lifetime (L70/B50): 35,000 h (temperature at  $T_c = 68$  °C)

# Ecodesign regulation information:

Separate control gear and light sources must be disposed of at certified disposal companies in accordance with Directive 2012/19/EU (WEEE) in the EU and with Waste Electrical and Electronic Equipment (WEEE) Regulations 2013 in the UK. For this purpose, collection points for recycling centres and take-back systems (CRSO) are available from retailers or private disposal companies, which accept separate control gear and light sources free of charge. In this way, raw materials are conserved and materials are recycled.
