Small compact work light with torch light function

LEDinspect PRO POCKET 280 helps you to see better when working at your garage. This small compact powerful LED inspection light is usable in many ways as a professional working tool. Its handy design and the bright light with a color temperature of up to 6,000 Kelvin enable convenient and precise work. Especially practical: the 270° degree rotation of the hook. You can recharge the luminaire easily via USB port, DC and AC connection. OSRAM provides a 3 year guarantee for this LEDinspect product.
