

# LEDDriving FL PSX24W

## Superior brightness

More light allows to see farther and therefore react sooner with reduced glaring thanks to an optimized light distribution

## Ultra compact LED replacement for conventional PSX24W fog lamps as socket solution

Easy installation with optimized compatibility

## Cool White color temperature of 6,000 K

Better visibility in foggy situations with a perfect color match for xenon and LED headlights. Signs, obstacles and hazards can be recognized sooner.

## New OSRAM LED fog lamps to increase safety and performance

The latest generation of OSRAM LED fog lamps provides an even more convenient solution in order to replace and upgrade existing halogen fog lamps with state-of-the-art LED technology. The color temperature of 6,000K provides for a stylish cool white look and improved visibility.

Product family datasheet

Technical data

Product description	Product information			Electrical data		
	Order reference	Product type (off-road vs. on-road)	Application (Category and Product specific)	Nominal voltage	Nominal wattage	Test voltage
LEDiving FL $\triangleq$ PSX24W	2604CW	Off-road $\triangleq$ PSX24W	Mainly used for headlight/ fog light applications	120 V	820 W	13.2 V

Product description	Photometrical data		Dimensions & weight	Lifespan		Capabilities
	Luminous flux tolerance	Luminous flux	Diameter	Lifespan B3	Lifespan Tc	Technology
LEDiving FL $\triangleq$ PSX24W	$\pm 20$ %	730 lm	1800 mm	2500 h	5000 h	LED

Product description	Environmental information Information according Art. 33 of EU Regulation (EC) 1907/2006 (REACH)		
	Date of Declaration	Primary Article Identifier	Declaration No. in SCIP database
LEDiving FL $\triangleq$ PSX24W	07-03-2024	4062172058360   4062172058346   4059089376878   4059089349520   4062172401852	In work

Legal advice

These products do not have ECE approval and must not be used on public roads in any exterior application. Public roads use leads to cancellation of operating license and loss of insurance coverage. Several countries forbid sale and use of these products. Please contact your local distributor for further information.

LEDriving CANBUS CONTROL UNIT (LEDCBCTRL102) avoids error messages on the board computer when using LED fog lights within 21 W applications

Refer to [www.osram.com/am-guarantee](http://www.osram.com/am-guarantee) for precise conditions

Application advice

For more detailed application information and graphics please see product datasheet.
