# **OSRAM**

# Cube VX70-WD

Wide Beam Designed for a near field illumination. For large area illumination in the near field of the vehicle

Up to 43 m long beam See and be seen with OSRAM

Working Light Application Versatile applicable and flexible in use. Off-road, in terrain, at work and in the spare time.

Slim design Slim design for a discreet appearance when mounted on the vehicle

## Bringing light to life with OSRAM LEDriving driving and working lights

Considerable illumination on dark field- and forest paths, off-road and off the beaten tracks, this can be achieved with the OSRAM LEDriving Cube VX70-WD. With its 5 powerful, high-performance long-life LEDs, the OSRAM LEDriving Cube VX70-WD has a range of up to 43 meters and thus offers the operator impressive visibility at the workplace and in terrain. Even in dim light and reduced visibility due to external environmental influences, the OSRAM LEDriving Cube VX70-WD with up to 6000 Kelvin can provide conditions similar to daylight. The power package with up to 550 lumens of luminosity scores with highest optical efficiency and homogeneous light distribution. This results in the possibility of an improved visibility for you and the improved visibility of your working environment, consequently also an increased safety.

The OSRAM LEDriving Cube VX70-WD impresses with its powerful performance and a long service life with up to 5000 hours. Versatile applicable, it defies numerous environmental influences and, thanks to high-quality materials such as the aluminum housing and the stable polycarbonate lens, it is particularly light and at the same time robust and resistant. The OSRAM LEDriving Cube VX70-WD has been tested and validated with the IP-Protection Class IP67 in our DIN certified environmental simulation laboratory for extreme external influences regarding water, dust, impacts, heat, cold and permanent vibration. The integrated driver and the thermal

management system regulate the temperature of the LED Spotlight and can thus prevent damage from overheating. The polarity protection inhibits the wrong polarity of the voltage supply and can thus prevent possible damage by automatically switching off the LEDs. The OSRAM LEDriving Cube VX70-WD is an effective and efficient addition to your vehicle.

The OSRAM LEDriving Cube VX70-WD can be attached to cars, trucks, agricultural machinery, farm machinery, commercial vehicles, construction vehicles, off-road vehicles and quads<sup>2)</sup>.

The OSRAM LEDriving Cube VX70-WD is versatile applicable and flexible in use.

 Auxiliary work lights without ECE approval to be used as working lights and are approved for use on any vehicle in accordance with StVZO §52 (7).
However, they may not be switched on and used while driving.

## Technical data

	Electrical Data		Photometric Data	Lifetime Data
Product description	Nominal voltage	Nominal wattage	Nominal luminous flux	Lifespan Tc
